

Wynnum State High School Enrolment Management Plan

All families wishing to enrol their child/children at Wynnum State High School are asked to read carefully the following information on the eligibility requirements for enrolment. These eligibility requirements are that Wynnum State High School has a current Enrolment Management Plan (EMP) which was gazetted in September of 2021. Under this plan **only students who reside in the school's catchment**, in the first instance, will be eligible to enrol at Wynnum State High School.

Students who reside **out of catchment** and who complete an application for enrolment will be recorded on a waiting list in order of receipt, by date and time. These applications will remain current only for the school year in which they are applying to enrol. Enrolment of students from outside the local catchment area is restricted to ensure that enrolments do not exceed the student enrolment capacity. This school can only enrol out-of-catchment students:

- i. if there is sufficient spare capacity after reserving places for students who move into the catchment during the year
- ii. after taking into account the school's projected future enrolment growth.

Students within catchment

Any student whose principal place of residence is within the school's catchment area(s) is entitled to enrol at the Wynnum State High School. The school Principal will reserve places for students who move into the catchment area throughout the school year.

Parents or legal guardians who wish to enrol their child at Wynnum State High School will need to demonstrate that the student's principal place of residence is within the catchment area. The school's catchment map is available from EdMap and is also available on the school website.

Current proof of residency at the address indicated must be provided by way of one of each of the following:

- One primary source — a current rental/lease agreement, or rates notice, or unconditional contract of sale.
- One secondary source — a utility bill (e.g. electricity, gas) showing this same address and parent's/legal guardian's name.

If the Principal is not satisfied that the documentation provided by an applicant demonstrates adequately that the address stated is the student's principal place of residence, then the Principal may request further sources of proof of residency. Examples may include (but are not limited to):

- additional utility bills (e.g. water bill) or a series of bills at for the same address over a sequential period to demonstrate continued/ongoing residency
- electoral roll verification letter
- mobile phone statement (with current address details)
- statutory declaration
- driver's licence (with current address details)
- bank statement (showing current address details; financial details are not required)
- tax assessment notice (financial details are not required)
- documents demonstrating recent change of address/re-location to within the school's catchment area (e.g. proof of sale or termination of lease for the previous principal place of residence in a different catchment).

The Principal may also request a properly sworn statutory declaration from the enrolling parent or legal guardian attesting that the student's principal place of residence is the place nominated in the enrolment application.

In addition to the documents listed above, students living with a relative/other person within catchment must provide the following:

- Properly sworn statutory declaration from the student's parent/legal guardian.
- Properly sworn statutory declaration from the person(s) the student will be residing with in-catchment.

The Principal may also request additional pieces of proof of residency and interview(s) with all parties to discuss the living arrangement.

Applicants should note that a false statement/assertion about the student's principal place of residence may amount to an offence and may be reported to police. The school Principal may repeal a decision to enrol a student in such circumstances.

Other students who are entitled to enrol as if in-catchment

The following groups of students will be entitled to enrol, even though they may reside outside the school's catchment area.

- Children and young people who are subject to child protection orders that grant guardianship or custody to the Chief Executive Officer of the Department of Child Safety, Youth and Women.
- Siblings** of current students at the school (excluding siblings of Program of Excellence students and siblings of students who were placed at the school as a result of exclusion from another school). Where a school has both a primary and secondary campus, siblings are only entitled to enrol in the same campus as the currently enrolled student.
- Students whose parent or legal guardian is employed by the school.
- Students who live outside the catchment area and are verified with a disability can enrol in the school to attend the specialised disability program if it is the closest program to their home and meets their individualised needs.
- Students whose principal place of residence is further than 55km to their nearest state school are entitled to enrol at any neighbouring school.
- Students who have been excluded from another school, dependent upon the conditions related to the exclusion, subject to agreement of the Regional Director.

**To be accepted under the sibling provision, the:

- i. applicant must meet the definition of sibling in the School EMP procedure
- ii. intended enrolment commencement and/or attendance of the sibling must be concurrent with the attendance of current student for the application to be valid. For example, if the applicant will be commencing in 2023, but the current enrolled sibling finishes school in 2022, then the application will not be valid.

Acceptance and assessment process

Out-of-catchment enrolment applications will be recorded on a waiting list in order of receipt, by date and time. These applications will remain current only for the school year in which they are applying to enrol.

Decisions on enrolment

The Principal is responsible for all decisions on enrolments. Where a principal forms a preliminary view that an application will not succeed, applicants will be notified in writing. Applicants may respond to the Principal's preliminary view by making a submission to the Principal, no later than seven (7) school days after receiving the preliminary view letter.

If no submission is received, the Principal's preliminary view will be treated as the final decision and no further notice will be provided.

If a submission is received, the Principal will consider the submission and make a final decision. A final decision notice will be provided to the applicant as soon as is practicable. There is no internal review of the Principal's decision.

A person aggrieved by an enrolment decision of the Principal can find information about the available complaints processes at:

- the Department of Education Complaints Management Framework
- Queensland Ombudsman
