Our school initiatives are showing substantial progress toward our targets

After reviewing our 2016 *Investing for Success* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

- Working towards embedding the reading to learn framework to support consistency in program delivery across the school including engagement of critical staff
- Continue to incorporate learning and support plans for students at risk of not meeting National Minimum Standards with a particular focus on Numeracy
- Continue with higher order thinking opportunities to support the U2B students in Numeracy and reading
- Continue developing staff capacity in the initiatives for improvement
